## SUPERINTENDENT - DIRECTOR

To the graduates of the Class of 2013 I celebrate each and every one of you for reaching a very important milestone in your lives. You set goals, worked hard and ultimately earned your high school diploma. You have also earned the respect of those who watched you challenge yourselves, take risks, make mistakes and ultimately succeed. Hold on to that respect and never let anybody take it away – you've earned it.

Throughout your four years at Greater Lowell you left an indelible mark on the school community and your legacy will remain forever.

Below, are some of your accomplishments and statistics I consider to be evidence of the impression members of this class have made on our school community and the community at large. You set the bar high for those who come after you and have led by example as you walked the halls of Greater Lowell.

- 137 of you participated in SkillsUSA competitions
- Approximately 150 of you participated in Greater Lowell's athletic program
- Over 300 of you have participated in at least one extra-curricular activity or community service program
- 57 members of this class have been inducted into the National Honor Society
- 38 of you had perfect attendance at least one full year in high school
- 256 members of this class made the honor roll at least one time
- Over 500 special licenses and program certificates were earned by members of this class
- 255 experienced a cooperative education or employment internship experience

And...in my opinion the most telling statistic about you as you prepare to enter the world on your own is this one – over 200 of you were “caught doing good” during your tenure at Greater Lowell. Mind you those 200 unsolicited random acts of kindness were observed and reported by a staff member in the building. So we know there were hundreds more of random acts of kindness initiated by members of this class “not caught” volunteering to lend a helping hand, without being asked; going out of your way to help another student or classmate, taking responsibility to clean up a mess you didn’t make or joining a student you didn’t know at a lunch table who was sitting alone. These acts demonstrate that you are learning the power of extending kindness, acceptance and love to others.

The power you have personally and collectively to influence your surroundings and the people who surround you, and the way you choose to use that power will forever define who you are.

Political and spiritual leader Mahatma Gandhi once said “you must be the change you want to see in the world”.

It is my hope for the Class of 2013 that you will continue to be the change our world so desperately needs.

Keep the bar high, set lofty goals, work hard to reach them, respect yourself and others, and never lose sight of the power of your random acts of love and kindness toward one another. I am confident you WILL BE THE CHANGE.

Bless you all. May your journey be safe, healthy and fruitful.  
Thank you and good luck to the Class of 2013!

Every one of us is heading off on a different journey, filled with soaring highs and lows, but where the journeys lead are not what matters. What really matters is that you do your best, and make your life something worth remembering.

## VALEDICTORIAN SAMANTHA ROSA

Strive for your dreams, even if they're impossible, but don't be disappointed if things don't work out. Travel, get lost, and throw yourself into everything around you. There's always tomorrow. Be serious when it counts, but have fun.

## SALUTATORIAN TIM McDONAGH

Our high school years are the most important; we've learned lessons that have prepared us for the world, for life. It's our high school years that define us, but it's our later years that refine us. Good luck class of 2013!

**GLTHS 2013**
